GCSE APPLICATIONS OF MATHEMATICS (LINKED PAIR)

F

Foundation Tier Unit 1 Finance and Statistics

Friday 6 November 2015

Morning

Time allowed: 1 hour 30 minutes

Materials

For this paper you must have:

- a calculator
- mathematical instruments.

Instructions

- Use black ink or black ball-point pen. Draw diagrams in pencil.
- Answer **all** questions.
- You must answer the questions in the spaces provided. Do not write outside the box around each page or on blank pages.
- Do all rough work in this book. Cross through any work that you do not want to be marked.
- If your calculator does not have a π button, take the value of π to be 3.14 unless another value is given in the question.

Information

- The marks for questions are shown in brackets.
- The maximum mark for this paper is 80.
- The quality of your written communication is specifically assessed in Questions 10, 16 and 20. These questions are indicated with an asterisk (*).
- You may ask for more answer paper, graph paper and tracing paper. These must be tagged securely to this answer book.
- You are expected to use a calculator where appropriate.

Advice

- In all calculations, show clearly how you work out your answer.

Answer **all** questions in the spaces provided.

1 The pictogram shows how many computer games Andy, Chris and Beth bought last month.

Key  represents 2 computer games

Andy	
Chris	
Beth	
Leah	

1 (a) Chris bought twice as many computer games as Leah.

Complete the pictogram for Leah.

[2 marks]

.....

1 (b) Beth says,
"Altogether we bought more than 18 computer games."

Is she correct?
You **must** show your working.

.....

.....

2 A box contains 32 pens.
In the box there are

- 20 black pens
- 5 red pens
- 5 blue pens
- 2 green pens.

A pen is taken at random from the box.

2 (a) Which two colours are equally likely to be taken?

[1 mark]

Answer and

2 (b) Circle the word describing the probability of taking a **red** pen.

[1 mark]

impossible unlikely evens likely certain

2 (c) Circle the word describing the probability of taking a **purple** pen.

[1 mark]

impossible unlikely evens likely certain

2 (d) A different box contains 12 pens.
The pens are gold or silver.
The probability of taking a gold pen from this box is 'evens'.

How many gold pens are in the box?

[1 mark]

Answer

8

3 Here is part of a bank statement.

Date	Money in (£)	Money out (£)	Balance (£)
6th July			927.48
8th July		246.00
11th July		132.50	548.98
14th July	37.20	

Complete the two missing values in the balance column.

[2 marks]

4 Anya makes 18 bags.

She sells half of the bags at the school fair.

She sells one-third of the bags she has left to her friends.

How many of the bags has she **not** sold?

5 Some men and women were asked which sport they most liked to watch.
The table shows the results.

Sport	Men	Women
Football	14	2
Tennis	2	13
Golf	9	4
Athletics	5	12

5 (a) Which sport is the most popular overall?
You **must** show your working.

[2 marks]

.....

.....

.....

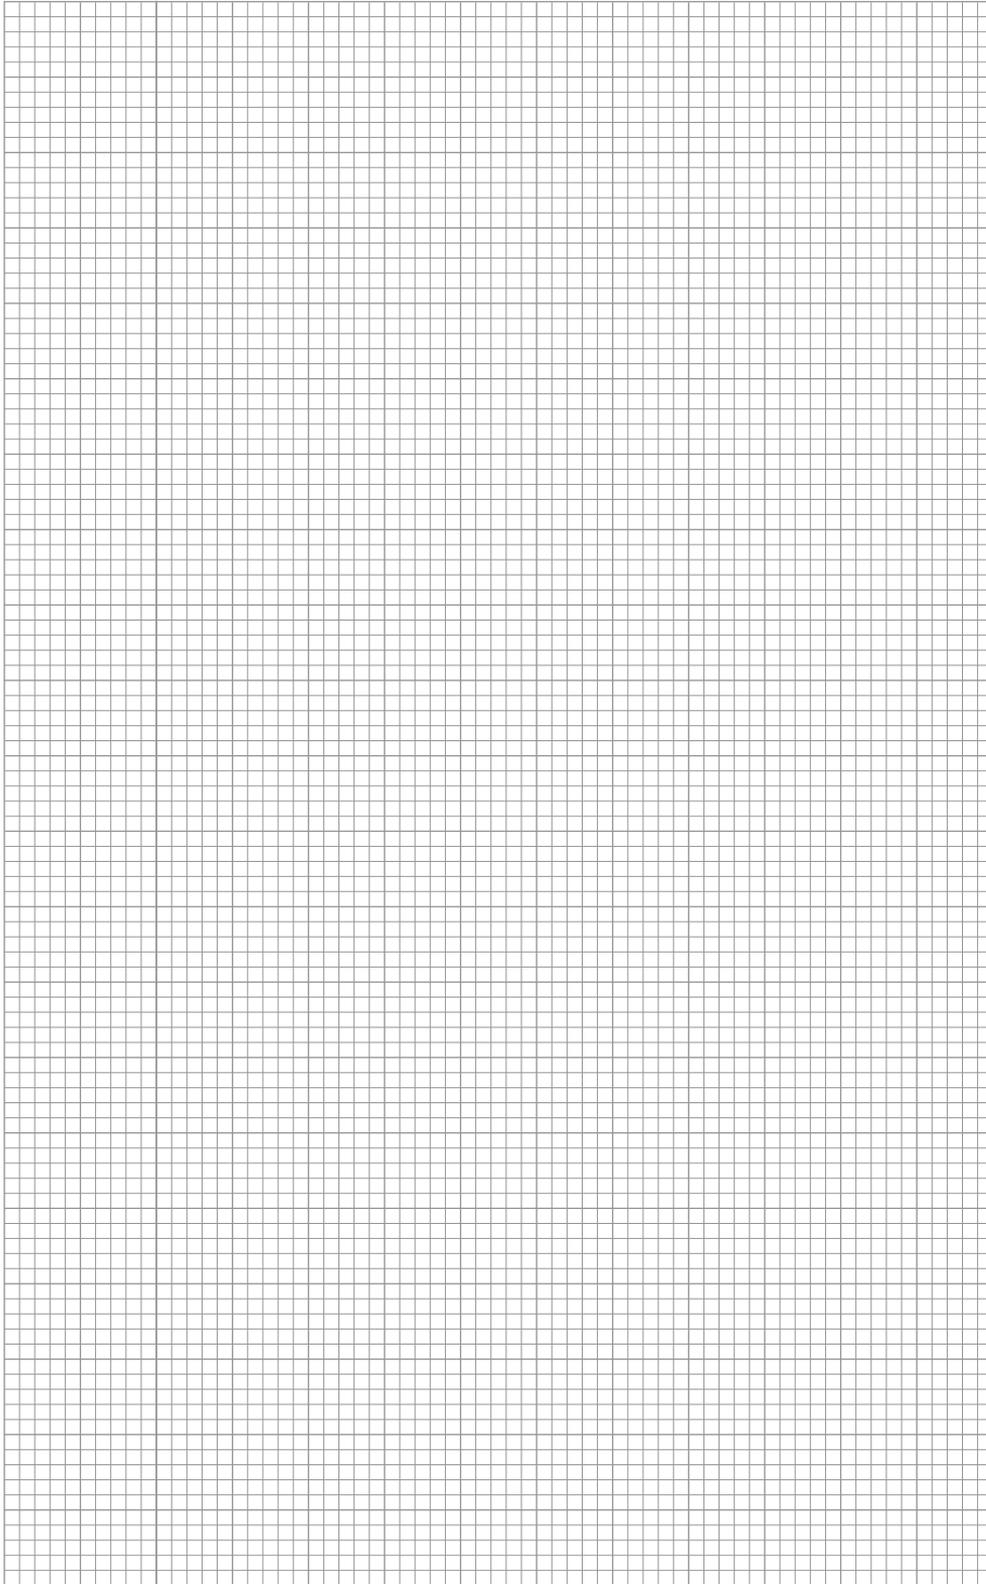

.....

Answer

5 (b) On the grid, draw a suitable diagram to show the information in the table.

7 A plumber uses the formula

$$C = 25 + 40h$$

to work out the charge, £ C , for a job that takes h hours.

7 (a) A job takes 7 hours.

How much does the plumber charge?

[2 marks]

.....
.....

Answer £

7 (b) The plumber charges £545 for a different job.

How many hours does the job take?

[2 marks]

.....
.....
.....

Answer hours

8 Carol is making bread.
Her recipe gives these times.

Action	Time
Mixing	15 minutes
Rising	2 hours 10 minutes
Baking	40 minutes

The bread must cool for at least 20 minutes after baking.
Carol wants to eat the bread at 5pm

What is the latest time she can start making the bread?

[4 marks]

12 The stem-and-leaf diagram shows the times, in minutes, taken by some Year 7 pupils to complete a puzzle.

Key 2 | 7 represents 27 minutes

12 (a) Work out the range.

[1 mark]

.....

Answer minutes

12 (b) Work out the median.

[1 mark]

.....

Answer minutes

12 (c) Some Year 8 pupils completed the same puzzle.
Here is some information about their times.

range	18 minutes
median	29 minutes

Compare the results for the two year groups.

[2 marks]

.....

.....

.....

.....

13 (a) A games console usually costs £275
The cost is reduced by 15%

Work out the reduced price.

[3 marks]

.....

.....

.....

Answer £

13 (b) A coat is reduced by 35%

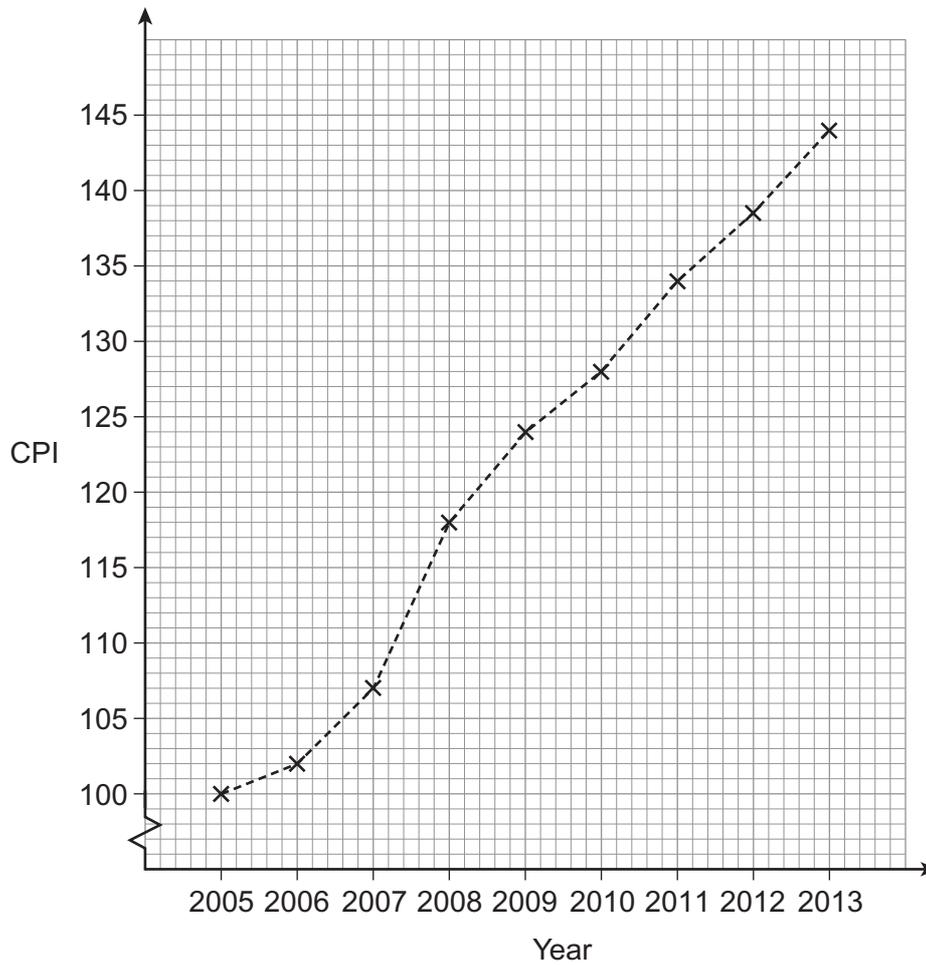

Circle the multiplier that works out 35%

[1 mark]

0.035 0.35 3.5 1.35

14 The time series graph shows the Consumer Price Index (CPI) for food each year from 2005 to 2013

14 (a) Write down the Consumer Price Index in 2010

[1 mark]

Answer

14 (b) Between which consecutive years did the Consumer Price Index increase the most?

[1 mark]

Answer and

14 (c) A loaf of bread cost £1.00 in 2005

Use the graph to estimate how much the loaf cost in 2013

[1 mark]

Answer £

14 (d) In 2011 Elly spent £268 per month on groceries.

Use the graph to estimate how much she would have spent on the same groceries in 2007

[3 marks]

19 The speeds of 100 vehicles driving through a housing estate were recorded one day.

Speed, s (mph)	Frequency		
$10 < s \leq 15$	17		
$15 < s \leq 20$	46		
$20 < s \leq 25$	22		
$25 < s \leq 30$	10		
$30 < s \leq 35$	5		

19 (a) Work out an estimate for the mean speed.

[4 marks]

.....

.....

.....

.....

.....

Answer mph

19 (b) The speed limit on roads through the housing estate is 20 miles per hour.

Did vehicles on this estate usually drive within the speed limit?
Give a reason for your answer.

[1 mark]
